# **Freedom of Information Policy**

## **POLICY DETAILS:**

Legal Status: Statutory

Adopted: 17 September 2018

Last Review: July 2023 Next Review: July 2024 One of the aims of the Freedom of Information Act 2000 (FOIA) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

Below is the guide to information available from Hillside Junior School under the model publication scheme prepared and approved by the Information Commissioner's Office (ICO). The scheme commits an authority:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the authority and falls within the classifications below.
- To specify the information which is held by the authority and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information the authority makes available under this scheme.
- To produce a schedule of any fees charged for access to information, which is made proactively available.
- To make this publication scheme available to the public.
- To publish any dataset held by the authority that has been requested, and any updated versions it holds, unless the authority is satisfied that it is not appropriate to do so; to publish the dataset, where reasonably practicable, in an electronic form that is capable of re-use; and, if any information in the dataset is a relevant copyright work and the public.

The term 'dataset' is defined in section 11(5) of the Freedom of Information Act. The term 'relevant copyright work' is defined in section 19(8) of that Act

#### **SCHEDULE OF CHARGES**

Information published on our website is free, although you may incur costs from your Internet service provider (ISP). If you do not have Internet access, you can access our website using a local library or an Internet café.

If you require a paper copy of the information on our website, we will provide this at a cost of £0.05 per sheet for black and white copies. Colour copying costs are considerably more expensive so please contact the office for a specific price. The cost of copying is based on the cost per sheet and machine rental prices from our provider plus the cost of paper. The cost of any postage will be recharged at cost.

The Act recognises that freedom of information requests are not the only demand on the resources of a public authority. They should not be allowed to cause a drain the school's time, energy and finances to the extent that they negatively affect normal public functions.

Currently, the cost limit for complying with a request or a linked series of requests from the same person or group is £450, the school reserves the right to refuse a request if we estimate that the cost of compliance would exceed this limit. This provision is found at section 12 of the Act.

When estimating the cost of compliance, we take into account the cost of the following activities:

- determining whether you hold the information;
- finding the requested information, or records containing the information;
- retrieving the information or records; and
- extracting the requested information from records.

We rate staff time at £25 per person per hour, regardless of who does the work, including external contractors. This means a limit of 18 staff hours.

If Section 12 (cost limit) of the Act could applies, we will confirm this in writing. In addition, we will say whether we hold the information and give the requester the option to either.

- Refine (change or narrow) their request by explaining why, the limit would be exceeded and what information, if any, may be available within the limits.
- Choose to meet the cost of compliance (the costs allowed in calculating whether the appropriate limit is exceeded); plus the communication costs (and £25 an hour for staff time taken for printing, copying or sending the information)
