

Get Ready for an Exciting Autumn Term with Aveea!

We're thrilled to bring our hands-on STEM adventures to your child's school! Imagine your child diving into the world of polymers, reactions, and CAD designing, igniting their curiosity and passion for learning.

The Aveea Experience

Global Inspirations, Worldwide Discoveries

At Aveea, we bring the world to your child. Our workshops are inspired by cutting-edge STEM innovations from across the globe.

Progress Feedback

Track your child's development with personal feedback throughout their STEM adventure.

Term Highlight

To extend the excitement beyond the classroom, we've revamped our take home worksheets, making it easy for your child to continue learning at home.
